Replication Challenge

Everything you **need** for a better future and success has **already** been **created**. And guess what? All you have to do is go to the **library**.

**Henri Frederic Amiel**
Swiss philosopher and poet

# Reimagine Consumption

# RentCycle

Reduce Waste

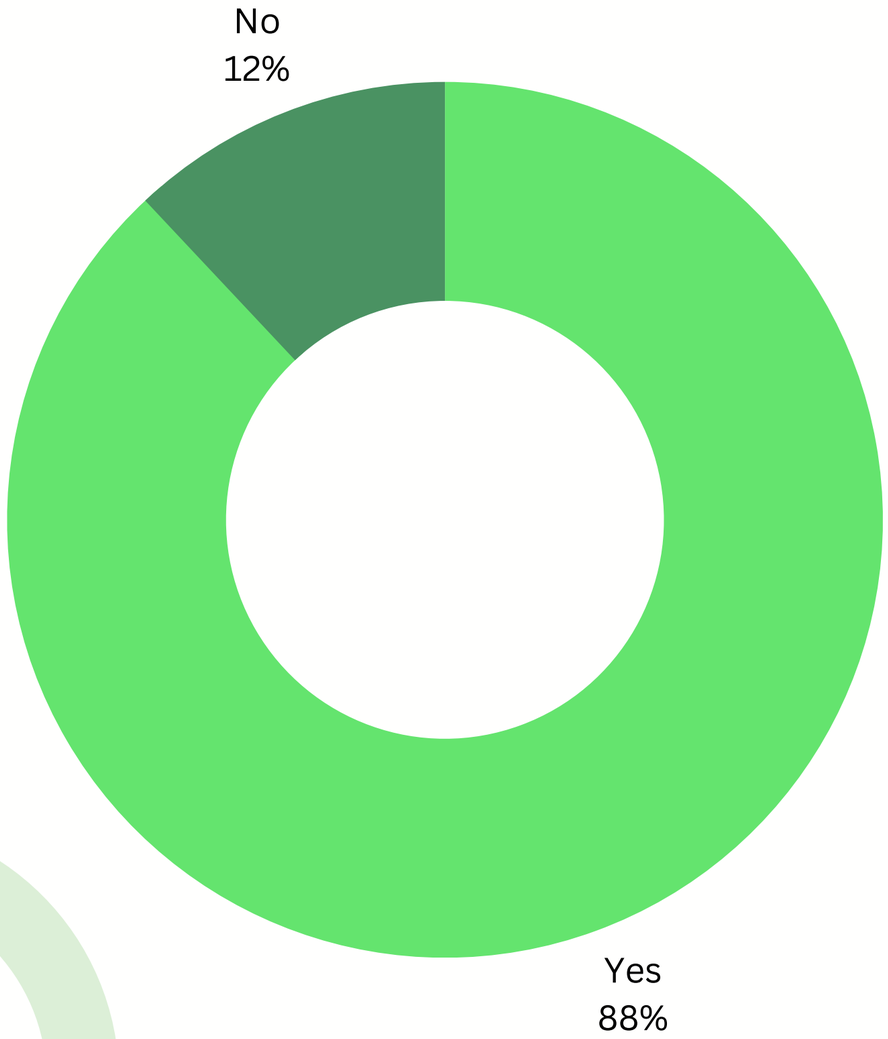
Save Space

Save Money

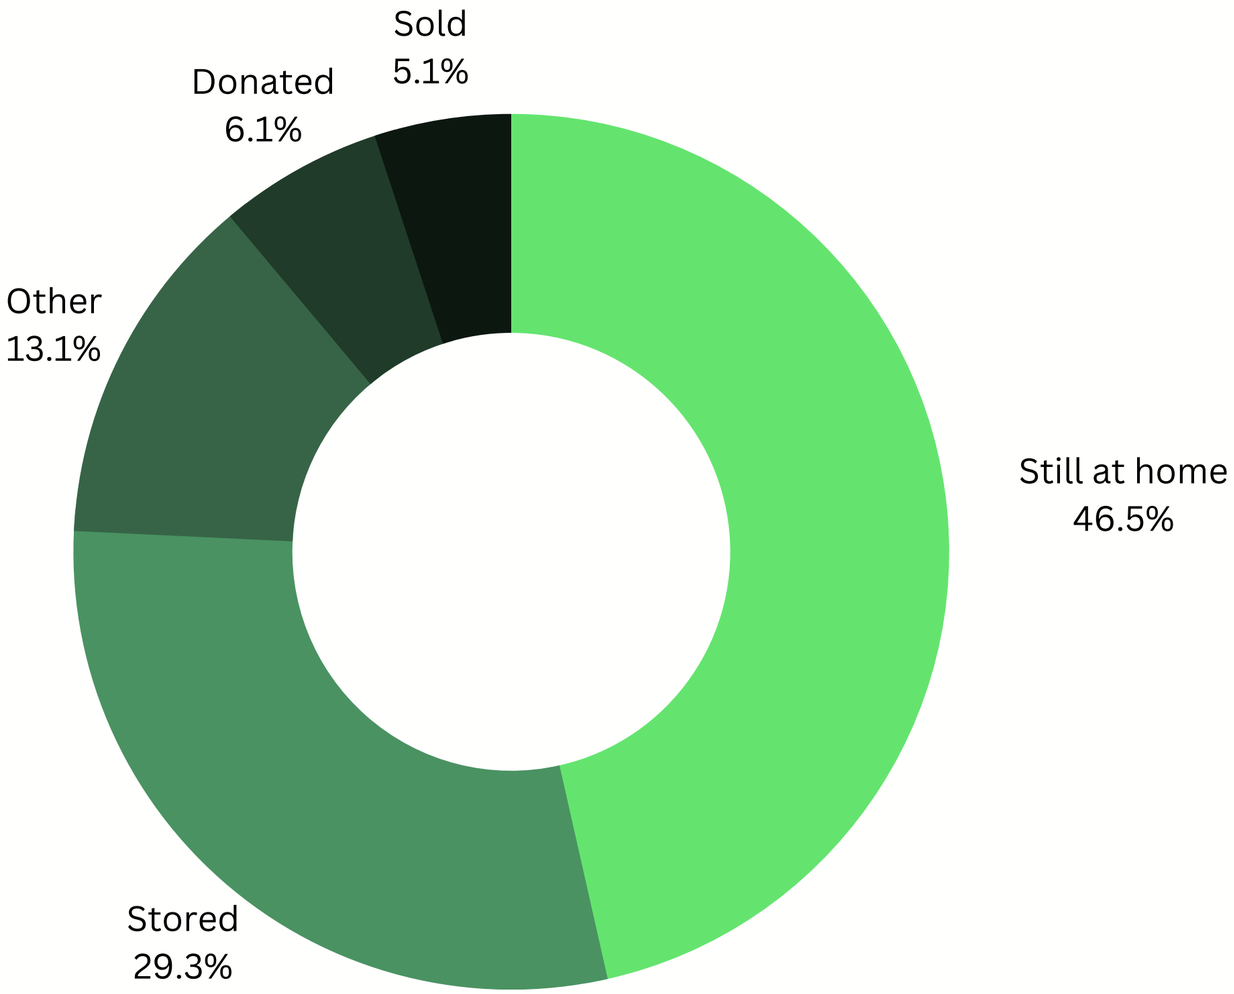
Build community

# Would This Work In Bulgaria?

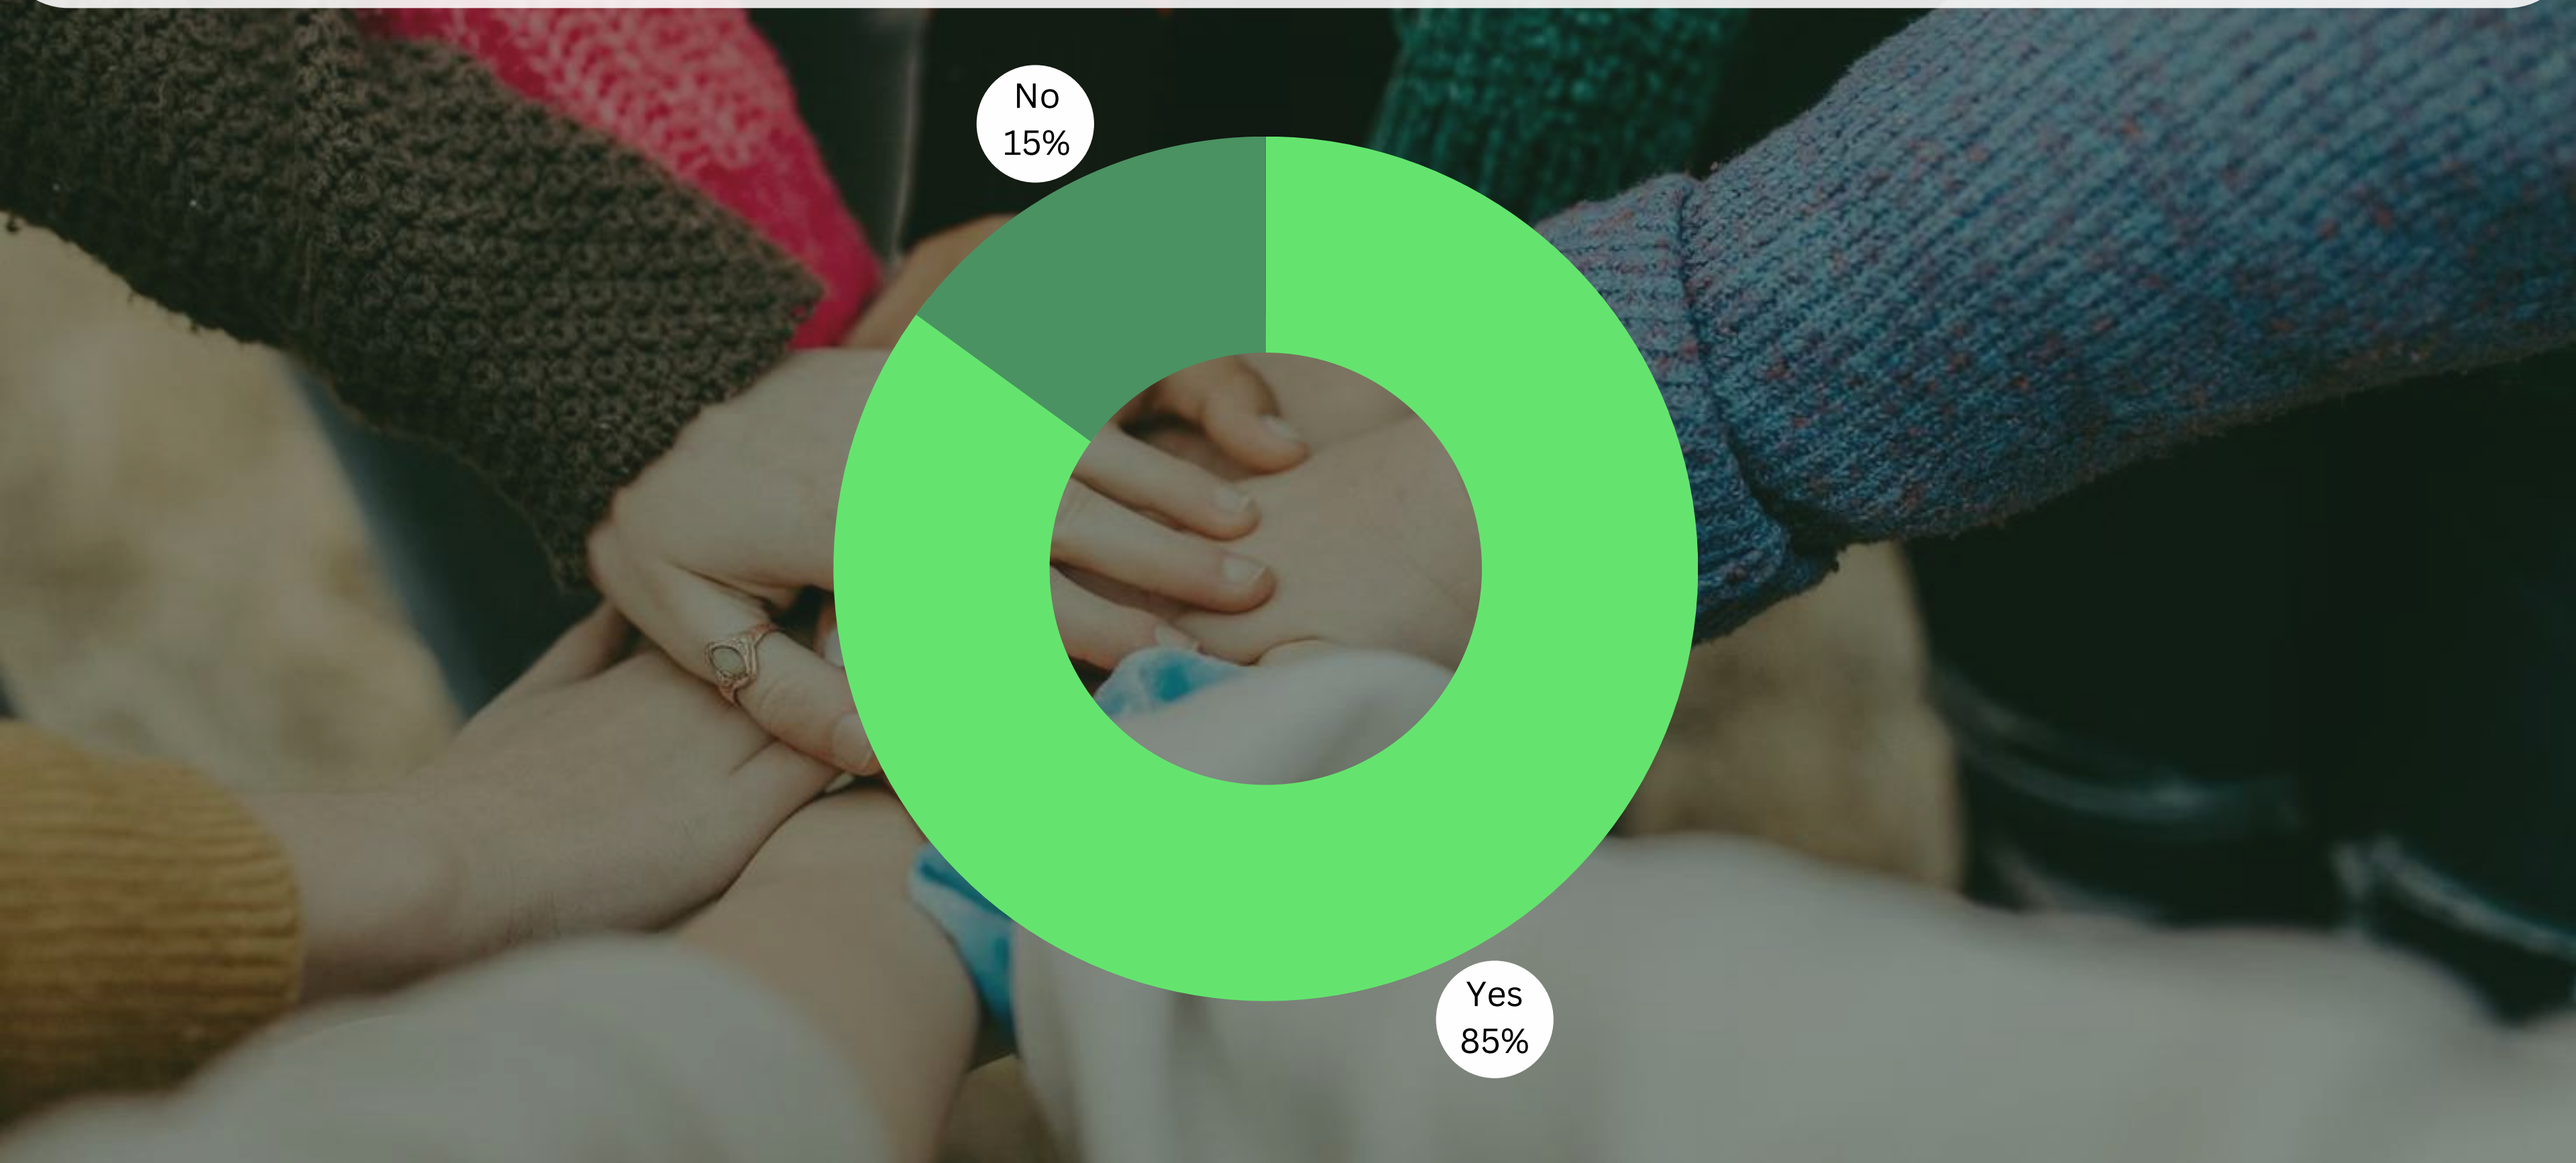
# Have there been instances where you wanted to repair or fix something but didn’t have the necessary tools?



# After completing the task, what did you do with the tool/equipment?



# Would a rental or borrowing service for tools/equipment be something you would consider to save money?



# I would prefer Renting.

Imagine.
